Welcome to the world of PRODIGY.

Thanks for joining PRODIGY, the easiest way to connect with the Internet and interactive communities for every interest. PRODIGY is divided into 10 categories, each full of information you need, people to meet and resources to explore. This guide offers a quick look at what you'll find in each.

So sit down at your computer, sign on, and let this guide help you discover PRODIGY.

Get online now.

Load PRODIGY onto your system and sign on now. (See *Using PRODIGY* for how-to.) Don't forget to have the other members of your family sign on. You can enroll up to *5 other family members for free.*

Jump℠. JumpWords are the easiest way to get around PRODIGY. A JumpWord is a brief description of an online area, service or feature. Select Jump on the Menu Bar, then select Jump and type the JumpWord you want. Select A-Z Index in the Jump menu to see a list of every PRODIGY JumpWord.

Return to Highlights. Click here from any screen to return to the main Highlights Screen.

Click on a category.

Simply point and double click your mouse to make a selection. It's that easy.

Any questions at any time.

The Member Help Center should be one of the first places you explore. Look for tips on navigation, tutorials, demos, answers to questions, account/billing information, access to our free New Member bulletin board, chat auditoriums and more. Jump: **help** or click on the Member Help Center box at the top of each Highlights screen.
